

CLOTHING AND TEXTILES GENERAL PROJECT INFORMATION

Clothing Key Leader: Daphne Hedgecock, 614-353-0406, hedgecockd@yahoo.com

GENERAL GUIDELINES: To complete a 4-H clothing project, youth should complete the learning experiences and achieve the objectives outlined in each project book. All clothing projects include a variety of hands-on, real-life learning experiences which help develop knowledge, skills and understanding about clothing appearance, consumer decision making and construction. Projects are available for any gender with all levels of experience.

GUIDELINES FOR MULTIPLE PROJECTS: 4-H'ers who choose to take more than one clothing project are expected to complete separate learning experiences related to each, including selecting and constructing components to create a complete outfit FOR EACH PROJECT. Using items from two or more projects to form one outfit will not be considered as a "completion" of either project.

GUIDELINES FOR REPEATING PROJECTS: Members may repeat any project, but are expected to attempt some feature that offers a new challenge such as doing more advanced construction techniques, using more complicated patterns or harder-to-handle fabrics, etc.

A FEW TIPS FOR CLOTHING PROJECTS

1. For judging, members should wear the total look outfit they plan to wear in the Fashion Revue. Members are judged on the "total look" for all clothing projects.
2. Make sure your garment fits project standards. If questions, contact the 4-H Key Leader for Clothing
3. Be able to talk to the judge about your project... why you chose the pattern, fabric, notions, colors, materials, how you made the garment (construction methods).
4. S - M - I - L - E

NOTE: 4-H Fashion Review Narration Forms are to be completed and brought to interview judging. The sheet is attached below:
