

## HOW TO JOIN A 4-H CLUB

To assist you in finding a club that meets your needs, you will want to contact that club's 4-H advisor and ask questions such as:

**What kind of projects do you accept?** Some clubs only have animals (large or small), some just do conservation projects, but most clubs do a little of everything.

### **When, where and what time does your club meet?**

This is important when scheduling your time. Most clubs have an attendance policy and you should ask about that too.

### **When is your next meeting, and may I come?**

Most clubs gear up during the first few months of the year and hold achievement meetings in the fall.

Attend your first meeting. Membership enrollment is done online. It is your responsibility to complete your online enrollment.

4-H member enrollment deadline for Madison County is March 15th to be eligible to exhibit at the county fair.

County Activity fee is \$15 per member or \$30 per family.

4-H clubs may charge a minimal dues.

**Project members:** Eligibility for participation in 4-H projects and competitive events begins when a child is age 8 and in the third grade. Any youth age 9 or above is eligible for project membership, regardless of grade level.

**Project books:** Minimum \$6.00 project book fee + sales tax w/ additional cost for supplies, equipment, animals, resources guides, fair fee, etc.

**4-H Family guides** list all projects available with a brief description of each. 4-H Clubs will have them available and they are also online.

**Remember,** if your first experience with a club is not a good match for you, call another club until you find one that is best for you.

## Meet in the London area:

### **\*Beginners to Winners**

Deetra Huntington  
614-560-3056  
shunting@columbus.rr.com  
Meet— London/Plain City  
Sunday's
