Project # _____ Project name (found on your project book) _____

Description of item being auctioned:

How was item made by you: _____

Special Interest Auction rules:

1. Participation in this auction is open to any 4-H member who meets the following criteria:
 - *Not selling a livestock project in any Jr. Fair Livestock Sale this year.
 - *Has exhibited a Special Interest, Clothing, Food & Nutrition project in the current year's fair
 - *Turns in an auction entry form by the Saturday deadline.
2. Auction Entry Forms are due at Special Interest Project judging
3. **Participants must be present at 4:15 on Thursday** at the Della Selsor Building for pictures. The auction will begin at 5:00 p.m.
4. Auction items must be at least 60% handmade, raised, or in some way created by the exhibitor.
5. The 4-H Committee reserves the right to deny participation in this auction to any items deemed inappropriate, of poor quality, or due to absence of the exhibitor at auction time.
6. Items offered for auction must be related to the Exhibitor's project, be of excellent quality and be appropriate for a wide range of bidders.

You may choose to offer the exact item you have made for judging in the auction, for example: a cedar chest. If you choose to part with the item you have created this is acceptable. In some cases, you will need to create an item, *related to your project*, specifically for the auction. For example, if you have sewn an outfit for yourself, it is obviously not appropriate to offer this for sale (it only fits you!). Remember this is an auction, **there are no price guarantees**. If you do not want to part with the item for whatever price it brings, do not offer it for sale.
